June 7, 2018

Dear Contract Owner,

As a contract owner who beneficially owns shares of the AST Lord Abbett Core Fixed Income Portfolio (the “Target Portfolio”) of the Advanced Series Trust (the “Trust” or “AST”), you are cordially invited to a Special Meeting of Shareholders (the “Meeting”) of the Target Portfolio to be held at the offices of the Trust, 655 Broad Street, Newark, New Jersey 07102, on August 7, 2018 at 11:00 a.m. Eastern Time.

The Meeting is very important to the future of the Target Portfolio. At the Meeting, the shareholders of the Target Portfolio will be asked to approve or disapprove a Plan of Reorganization of the Target Portfolio (the “Plan”). As more fully explained in the attached Prospectus/Proxy Statement, the Plan provides for the transfer of all of the Target Portfolio’s assets to the AST Western Asset Core Plus Bond Portfolio (the “Acquiring Portfolio”) of the Trust in exchange for the Acquiring Portfolio’s assumption of all of the Target Portfolio’s liabilities and the Acquiring Portfolio’s issuance to the Target Portfolio of shares of beneficial interest in the Acquiring Portfolio (the “Reorganization”). The fund resulting from the Reorganization is sometimes referred to herein as the “Combined Portfolio.”

If the Plan is approved and the Reorganization completed, you will beneficially own shares of the Acquiring Portfolio rather than shares of the Target Portfolio. It is expected that the Reorganization, if approved, would be completed on or about September 17, 2018.

The Board of Trustees of the Trust (the “Board”) has approved the Reorganization and recommends that you vote “FOR” the proposal. Although the Board has determined that the proposal is in your best interest, the final decision is yours. The Board considered several factors in reaching its determination to approve the Reorganization, including that:

- The effective management fee rate of the Combined Portfolio will be lower than the effective management fee rate of the Target Portfolio for so long as the proposed contractual management fee waiver is in place;
- The historical net investment performance of the Acquiring Portfolio for the one-, three- and five-year periods ended December 31, 2017 are higher than that of the Target Portfolio;
- The Combined Portfolio will be larger than the Target Portfolio;
- While the investment management fee rate for the Acquiring Portfolio is higher than investment management fee rate of the Target Portfolio, assuming that the Reorganization had been completed on December 31, 2017 and taking into account the proposed contractual management fee waiver which would be in place until at least June 30, 2019, the pro forma annualized total net expense ratio for the Combined Portfolio is lower than the estimated annualized total net expense ratio for the Target Portfolio.
- The investment objectives and principal investment strategies of the Target Portfolio and the Acquiring Portfolio are similar; and
- Because of the federal tax-deferred treatment applicable to the Contracts, completion of the Reorganization is not expected to result in taxable gain or loss for U.S. federal income tax purposes for Contract owners that beneficially own shares of the Target Portfolio immediately prior to the Reorganization.

The following pages include important information on the proposed Reorganization in a question and answer format. The pages that follow include the full Prospectus/Proxy Statement with detailed information regarding the Reorganization. Please read the full document, including the detailed description of the factors considered by the Board.

Your vote is important no matter how large or small your investment. We urge you to read the attached Prospectus/Proxy Statement thoroughly and to indicate your voting instructions on the enclosed voting instruction card, date and sign it, and return it promptly in the envelope provided. Alternatively, you may submit your vote by telephone by calling toll-free 800-690-6903 or you may vote over the Internet by going to www.proxyvote.com. Your voting instructions must be received by the Trust prior to August 7, 2018. The Target Portfolio shares that you beneficially own will be voted in accordance with the most current instructions received from you. All shares of the Target Portfolio, including Target Portfolio shares owned by a participating insurance company in its general account or otherwise, for which instructions are not received from Contract owners will be voted by the participating insurance companies in the same proportion as the votes actually cast by Contract owners on the Reorganization.

By voting now, you can help avoid additional costs that would be incurred with follow-up letters and calls.

Any questions or concerns you may have regarding the proposed Reorganization, please call 1-800-752-6342 between the hours of 8:00 a.m. and 7:00 p.m. Eastern Time Monday-Thursday, and 8:00 a.m. and 6:00 p.m. Eastern Time on Fridays.

Sincerely,

Timothy Cronin
President
Advanced Series Trust

IMPORTANT INFORMATION TO HELP YOU UNDERSTAND AND VOTE ON THE PROPOSAL

Please read the attached Prospectus/Proxy Statement for a complete description of the proposal. However, as a quick reference, the following questions and answers provide a brief overview of the proposal.

Q1. WHY AM I RECEIVING THIS PROXY STATEMENT?

A. You have received these proxy materials and you are being asked to provide voting instructions to your insurance company on the proposal because you are the beneficial owner of shares of the AST Lord Abbett Core Fixed Income Portfolio (the “Target Portfolio”), which is a series of the Advanced Series Trust (the “Trust” or “AST”). The Target Portfolio is seeking shareholder consideration and approval of an important proposal.

Q2. WHAT PROPOSAL AM I BEING ASKED TO VOTE ON?

A. The purpose of the proxy is to ask you to vote on the reorganization (the “Reorganization”) of the Target Portfolio into the AST Western Asset Core Plus Bond Portfolio (the “Acquiring Portfolio”), which is a series of the Trust. The proposal is recommended by PGIM Investments LLC (“PGIM Investments”) and AST Investment Services, Inc. (“ASTIS”) which serve as the investment managers of the Acquiring Portfolio and the Target Portfolio and has been approved by the Board of the Trust.

Q3. HOW WILL THE PROPOSAL IMPACT FEES AND EXPENSES?

A. If the proposal is approved, it is expected that the total net expense ratio for the Combined Portfolio, taking into account fee waivers, will be lower than the total net expense ratio of the Target Portfolio, meaning that shareholders of the Target Portfolio will receive a reduction in the operating expenses that they pay. As a result, it is expected that Combined Portfolio shareholders would benefit from decreased expenses of approximately \$1,200,000 annually. Please read the attached Prospectus/Proxy Statement for a complete description of the fees and expenses.

Q4. HOW WILL THE REORGANIZATION BENEFIT SHAREHOLDERS?

A. The Reorganization is expected to benefit Target Portfolio shareholders for a number of reasons, including:

- The effective management fee rate of the Combined Portfolio will be lower than the effective management fee rate of the Target Portfolio for so long as the proposed contractual management fee waiver is in place;
- The historical net investment performance of the Acquiring Portfolio for the one-, three- and five-year periods ended December 31, 2017 are higher than that of the Target Portfolio;
- The Combined Portfolio will be larger than the Target Portfolio;
- While the investment management fee rate for the Acquiring Portfolio is higher than investment management fee rate of the Target Portfolio, assuming that the Reorganization had been completed on December 31, 2017 and taking into account the proposed contractual management fee waiver which would be in place until at least June 30, 2019, the pro forma annualized total net expense ratio for the Combined Portfolio is lower than the estimated annualized total net expense ratio for the Target Portfolio.
- The investment objectives and principal investment strategies of the Target Portfolio and the Acquiring Portfolio are similar; and
- Because of the federal tax-deferred treatment applicable to the Contracts, completion of the Reorganization is not expected to result in taxable gain or loss for U.S. federal income tax purposes for Contract owners that beneficially own shares of the Target Portfolio immediately prior to the Reorganization.

Please read pages 9 and 10 of the attached Prospectus/Proxy Statement for a complete description of each of the factors the Board considered.

Q5. HAS THE BOARD OF TRUSTEES OF THE TRUST APPROVED THE PROPOSAL?

A. Yes. The Board of Trustees of the Trust (the “Board”) has approved the proposal and unanimously recommends that you vote in favor of the proposal. See pages 9 and 10 of the attached Prospectus/Proxy Statement for the complete list of factors considered by the Board in making its recommendation.

Q6. WHO IS PAYING FOR THE COSTS OF THIS PROXY STATEMENT?

A. All costs incurred in entering into and carrying out the terms and conditions of the Reorganization, including (without limitation) outside legal counsel and independent registered public accounting firm costs and costs incurred in connection with the printing and mailing for this prospectus and proxy statement and related materials, will be paid by Prudential Annuities Distributors, Inc. or its affiliates under the Target Portfolio's and Acquiring Portfolio's Rule 12b-1 plan.

Q7. HOW MANY VOTES AM I ENTITLED TO SUBMIT?

A. The record date is May 18, 2018. As a Contract owner, you are entitled to give your voting instructions equivalent to one vote for each full share and a fractional vote for each fractional share related to your indirect investment in the Target Portfolio as of the record date.

Q8. WHEN WILL THE SHAREHOLDER MEETING TAKE PLACE?

A. The shareholder meeting (the "Meeting") is scheduled to take place on August 7, 2018 at 11:00 a.m. Eastern Time.

Q9. HOW DO I VOTE?

A. Your vote is very important. You can vote in the following ways:

- Attending the Meeting to be held at the offices of the Trust, 655 Broad Street, Newark, New Jersey 07102 and submitting your voting instructions;
- Completing and signing the enclosed voting instruction card, and mailing it in the enclosed postage paid envelope. Voting instruction cards must be received by the day before the Meeting;
- Calling toll-free 800-690-6903 and following the instructions. Voting instructions submitted by telephone must be submitted by 11:59 p.m., Eastern Time on the day before the Meeting; or
- Online at www.proxyvote.com and following the instructions. Voting instructions submitted over the Internet must be submitted by 11:59 p.m. Eastern Time on the day before the Meeting.

Q10. HOW CAN I CHANGE MY VOTING INSTRUCTIONS?

A. Previously submitted voting instructions may be revoked or changed by any of the voting methods described above, subject to the voting deadlines also discussed above.

Q11. WHEN WILL THE PROPOSED REORGANIZATION TAKE PLACE?

A. If approved, the proposed Reorganization is currently expected to go into effect on or about September 17, 2018.

Q12. CAN THE PROXY STATEMENT BE VIEWED ONLINE?

A. Yes. The proxy statement can be viewed at www.prudential.com/variableinsuranceportfolios.

Q13. WHAT IF I HAVE QUESTIONS ON THE PROPOSED REORGANIZATION?

A. If you require assistance or have any questions regarding the proxy statement, please call 1-800-752-6342 between the hours of 8:00 a.m. and 7:00 p.m. Eastern Time Monday-Thursday, and 8:00 a.m. and 6:00 p.m. Eastern Time on Fridays.

Q14. WILL SHAREHOLDERS BE ALLOWED TO TRANSFER OUT OF THE TARGET PORTFOLIO WITHOUT PENALTY AND WITHOUT BEING REQUIRED TO USE ONE OF THEIR ALLOTTED TRANSFERS?

A. Yes. Shareholders will be allowed one free transfer out of the Target Portfolio during the period within sixty (60) days of the effective date of the Reorganization (i.e., within 60 days before to 60 days after the effective date of the Reorganization).

NOTICE IS HEREBY GIVEN that a Special Meeting of Shareholders (the “Meeting”) of the AST Lord Abnett Core Fixed Income Portfolio (the “Target Portfolio”), a series of the Advanced Series Trust (the “Trust” or “AST”), will be held at the offices of the Trust, 655 Broad Street, Newark, New Jersey 07102, on August 7, 2018 at 11:00 a.m. Eastern Time.

The purposes of the Meeting are as follows:

I. To approve a Plan of Reorganization of the Trust on behalf of the Target Portfolio (the “Plan”) and on behalf of the AST Western Asset Core Plus Bond Portfolio (the “Acquiring Portfolio”), a series of the Trust.

As described in more detail below, the Plan provides for the transfer of all of the Target Portfolio’s assets to the Acquiring Portfolio in exchange for the Acquiring Portfolio’s assumption of all of the Target Portfolio’s liabilities and the Acquiring Portfolio’s issuance to the Target Portfolio of shares of beneficial interest in the Acquiring Portfolio (the “Acquiring Portfolio Shares”). The Acquiring Portfolio Shares received by the Target Portfolio will have an aggregate net asset value that is equal to the aggregate net asset value of the Target Portfolio shares that are outstanding immediately prior to the reorganization transaction. The Plan also provides for the distribution by the Target Portfolio, on a pro rata basis, of such Acquiring Portfolio Shares to the Target Portfolio’s shareholders in complete liquidation of the Target Portfolio. A vote in favor of the Plan by the shareholders of the Target Portfolio will constitute a vote in favor of the liquidation of the Target Portfolio and the termination of the Target Portfolio as a separate series of the Trust. **The Board of Trustees of the Trust (the “Board”) unanimously recommends that you vote in favor of the proposal.**

II. To transact such other business as may properly come before the Meeting or any adjournment thereof.

A copy of the Plan is attached as Exhibit A to the Prospectus/Proxy Statement.

The acquisition of the assets of the Target Portfolio by the Acquiring Portfolio in exchange for the Acquiring Portfolio’s assumption of all of the liabilities of the Target Portfolio by the Acquiring Portfolio and the issuance of Acquiring Portfolio Shares to the Target Portfolio and its shareholders is referred to herein as the “Reorganization.” If shareholders of the Target Portfolio approve the Plan and the Reorganization is consummated, they will become shareholders of the Acquiring Portfolio.

The matters referred to above are discussed in detail in the Prospectus/Proxy Statement attached to this notice. The Board has fixed the close of business on May 18, 2018, as the record date for determining shareholders entitled to notice of, and to vote at, the Meeting, or any adjournment thereof, and only holders of record of shares of the Target Portfolio at the close of business on that date are entitled to notice of, and to vote at, the Meeting or any adjournment thereof. Each full share of the Target Portfolio is entitled to one vote on the proposal and each fractional share of the Target Portfolio is entitled to a corresponding fractional vote on the proposal.

You are cordially invited to attend the Meeting. If you do not expect to attend the Meeting, you are requested to complete, date and sign the enclosed voting instruction card relating to the Meeting and return it promptly in the envelope provided for that purpose. Alternatively, you may vote by telephone or over the Internet as described in the Prospectus/Proxy Statement attached to this notice. The enclosed voting instruction card is being solicited on behalf of the Board.

YOUR VOTE IS IMPORTANT, NO MATTER HOW LARGE OR SMALL YOUR INVESTMENT MAY BE. IN ORDER TO AVOID THE UNNECESSARY EXPENSE OF FURTHER SOLICITATION, WE URGE YOU TO INDICATE VOTING INSTRUCTIONS ON THE ENCLOSED VOTING INSTRUCTION CARD, DATE AND SIGN IT, AND RETURN IT PROMPTLY IN THE ENVELOPE PROVIDED. ALTERNATIVELY, YOU MAY VOTE BY TELEPHONE BY CALLING 800-690-6903 AND FOLLOWING THE INSTRUCTIONS. YOU MAY ALSO VOTE OVER THE INTERNET AT WWW.PROXYVOTE.COM. YOU MAY REVOKE YOUR VOTING INSTRUCTIONS AT ANY TIME PRIOR TO THE MEETING. Reorganization of AST Lord Abbett Core Fixed Income Portfolio
into AST Western Asset Core Plus Bond Portfolio

This Prospectus/Proxy Statement is furnished in connection with the Special Meeting of Shareholders (the “Meeting”) of the AST Lord Abbett Core Fixed Income Portfolio (the “Target Portfolio”), a series of Advanced Series Trust (the “Trust” or “AST”). At the Meeting, you will be asked to consider and approve a Plan of Reorganization of the Trust (the “Plan”) that provides for the reorganization of the Target Portfolio into the AST Western Asset Core Plus Bond Portfolio (the “Acquiring Portfolio,” and together with the Target Portfolio, the “Portfolios”), a series of the Trust.

As described in more detail below, the Plan provides for the transfer of the Target Portfolio’s assets to the Acquiring Portfolio in exchange for the Acquiring Portfolio’s assumption of the Target Portfolio’s liabilities and the Acquiring Portfolio’s issuance to the Target Portfolio of shares of beneficial interest in the Acquiring Portfolio (the “Acquiring Portfolio Shares”). The Acquiring Portfolio Shares received by the Target Portfolio in a reorganization transaction will have an aggregate net asset value that is equal to the aggregate net asset value of the Target Portfolio shares that are outstanding immediately prior to such reorganization transaction. As a result of the Reorganization, the Target Portfolio will be completely liquidated and Contract owners will beneficially own shares of the Acquiring Portfolio having an aggregate value equal to their Target Portfolio shares. A vote in favor of the Plan by the shareholders of the Target Portfolio will constitute a vote in favor of the liquidation of the Target Portfolio and the termination of the Target Portfolio as a separate series of the Trust.

The acquisition of assets of the Target Portfolio by the Acquiring Portfolio, assumption of liabilities of the Target Portfolio by the Acquiring Portfolio, and issuance of the Acquiring Portfolio Shares by the Acquiring Portfolio to the Target Portfolio and its shareholders is referred to herein as the “Reorganization.” If the shareholders of the Target Portfolio approve the Plan and the Reorganization is consummated, they will become shareholders of the Acquiring Portfolio.

The Meeting will be held at the offices of the Trust, 655 Broad Street, Newark, New Jersey 07102, on August 7, 2018, at 11:00 a.m. Eastern Time. The Board of Trustees of the Trust (the “Board”) is soliciting these voting instructions on behalf of the Target Portfolio and has fixed the close of business on May 18, 2018 (the “Record Date”) as the record date for determining Target Portfolio shareholders entitled to notice of, and to vote at, the Meeting or any adjournment thereof. Only holders of record shares of the Target Portfolio at the close of business on the Record Date are entitled to notice of, and to vote at, the Meeting or any adjournment thereof. This Prospectus/Proxy Statement is first being sent to Contract owners on or about June 25, 2018.

The Target Portfolio and the Acquiring Portfolio both serve as underlying mutual funds for variable annuity contracts and variable life insurance policies (the “Contracts”) issued by life insurance companies (“Participating Insurance Companies”). Each Participating Insurance Company holds assets invested in these Contracts in various separate accounts, each of which is divided into sub-accounts investing exclusively in a mutual fund or in a portfolio

of a mutual fund. Therefore, Contract owners who have allocated their account values to applicable sub-accounts are indirectly invested in the Target Portfolio through the Contracts and should consider themselves shareholders of the Target Portfolio for purposes of this Prospectus/Proxy Statement. Each Participating Insurance Company is required to offer Contract owners the opportunity to instruct it, as owner of record of shares held in the Target Portfolio by its separate or general accounts, how it should vote on the Plan at the Meeting and at any adjournments thereof.

This Prospectus/Proxy Statement gives the information about the Reorganization and the issuance of the Acquiring Portfolio Shares that you should know before investing or voting on the Plan. You should read it carefully and retain it for future reference. A copy of this Prospectus/Proxy Statement is available on the internet at www.prudential.com/variableinsuranceportfolios. Additional information about the Acquiring Portfolio has been filed with the Securities and Exchange Commission (the "SEC"), including:

- The Summary Prospectus of the Trust relating to the Acquiring Portfolio under file number 033-24962, dated April 30, 2018, which is incorporated herein by reference and is included with, and considered to be a part of, this Prospectus/Proxy Statement.

You may request a free copy of a Statement of Additional Information, dated April 30, 2018, (the "SAI"), relating to the Reorganization or other documents relating to the Trust and the Acquiring Portfolio without charge by calling 800-778-2255 or by writing to the Trust at 655 Broad Street, Newark, New Jersey 07102. The SAI is incorporated herein by reference. The SEC maintains a website (www.sec.gov) that contains the SAI and other information relating to the Target Portfolio, the Acquiring Portfolio, and the Trust that has been filed with the SEC.

The SEC has not approved or disapproved these securities or passed upon the adequacy of this Prospectus/Proxy Statement. Any representation to the contrary is a criminal offense.

SUMMARY

This section is only a summary of certain information contained in this Prospectus/Proxy Statement. You should read the more complete information in the rest of this Prospectus/Proxy Statement, including the Plan (Exhibit A) and the Prospectus for the Acquiring Portfolio (Exhibit B).

As explained in more detail below, you are being asked to consider and approve the Plan with respect to the Target Portfolio for which you are a beneficial shareholder. Shareholder approval of the Plan and consummation of the Reorganization will have the effect of reorganizing the Target Portfolio into the Acquiring Portfolio, resulting in a single mutual fund.

As further explained in “Management of the Target Portfolio and the Acquiring Portfolio,” PGIM Investments LLC (“PGIM Investments”) and AST Investment Services, Inc. (“ASTIS”, and together with PGIM Investments, the “Manager”) serve as investment managers to the Target Portfolio and the Acquiring Portfolio. The fund resulting from the Reorganization is sometimes referred to herein as the “Combined Portfolio.”

Both the Target Portfolio and the Acquiring Portfolio are managed under a manager-of-managers structure, which means that the Manager has engaged each subadviser listed below to conduct the investment program of the relevant Portfolio, including the purchase, retention, and sale of portfolio securities and other financial instruments.

Portfolio	Subadvisers
AST Lord Abbett Core Fixed Income Portfolio	Lord Abbett & Co. LLC (“Lord Abbett”)
AST Western Asset Core Plus Bond Portfolio	Western Asset Management Company (“Western Asset”) and Western Asset Management Company Limited (“WAML” and together with Western Asset, “WAMCO”)

Comparison of Investment Objectives and Principal Investment Strategies of the Portfolios

The investment objectives of the Target Portfolio and Acquiring Portfolio are similar. The investment objective of the Target Portfolio is to seek income and capital appreciation to produce a high total return. The investment objective of the Acquiring Portfolio is to seek to maximize total return, consistent with prudent investment management and liquidity needs, by investing to obtain the average duration specified for the Acquiring Portfolio. The investment objective of the Target Portfolio and the Acquiring Portfolio are non-fundamental, meaning that the investment objectives can be changed with Board approval.

The Portfolios also have similar principal investment strategies. Both the Target Portfolio and the Acquiring Portfolio are diversified funds. A description of the Portfolios’ principal strategies follows. The Portfolios also have similar principal investment strategies in that the Target Portfolio and the Acquiring Portfolio each utilize core bond strategies with a Bloomberg Barclays US Aggregate Bond Index benchmark. While both the Target Portfolio and the Acquiring Portfolio normally invest at least 80% of their assets (net assets plus any borrowings made for investment purposes) in fixed income securities, the Acquiring Portfolio may also invest at least 20% of its net assets in debt securities that are rated, at the time of purchase, below investment grade. Both the Target Portfolio and the Acquiring Portfolio have the capability to invest in asset-backed securities. After the Reorganization is completed, it is expected that the Combined Portfolio will be managed according to the investment objective and principal investment strategies of the Acquiring Portfolio.

Principal Risks of the Portfolios

The principal risks associated with the Acquiring Portfolio are similar to those of the Target Portfolio, and include asset-backed and/or mortgage-backed securities risk, asset transfer program risk, derivatives risk, economic and market events risk, expense risk, fixed income securities risk, foreign investment risk, liquidity and valuation risk, market and management risk, portfolio turnover risk, redemption risk and regulatory risk. The Target Portfolio is also subject to senior loan risk and US government risk, while the Acquiring Portfolio is subject to high yield risk as an additional principal risk. Detailed descriptions of the principal risks associated with the Target Portfolio and the Acquiring Portfolio are set forth in (i) this Prospectus/Proxy Statement under the caption “Comparison of the Target Portfolio and the Acquiring Portfolio—Principal Risks of the Portfolios;” and (ii) the prospectus for the Acquiring Portfolio attached as Exhibit B to this Prospectus/Proxy Statement.

There is no guarantee that shares of the Combined Portfolio will not lose value. This means that the value of the Combined Portfolio's investments, and therefore, the value of the Combined Portfolio's shares, may fluctuate.

Comparison of Investment Management Fees and Total Fund Operating Expenses

The contractual and current effective investment management fee rates for the Acquiring Portfolio are currently higher than the contractual and current effective investment management fee rates for the Target Portfolio, and they are expected to remain higher after the Reorganization is completed. However, the effective management fee rate of the Combined Portfolio, taking into account the contractual management fee waiver, will be lower than the effective management fee rate of the Target Portfolio. Contractual investment management fees are the management fees paid to the Manager and do not reflect any waivers or reimbursements. Effective investment management fees are the management fees paid to the Manager that take into account any applicable waiver or reimbursement. Additionally, based on the current assets under management for each Portfolio as of December 31, 2017, the pro forma annualized total net expense ratio (after fee waivers and expense reimbursements) for the Combined Portfolio is lower than the estimated annualized total net expense ratio of the Target Portfolio, and is expected to continue to be lower following completion of the Reorganization. This means that Target Portfolio shareholders will receive a reduction in total net expense ratios.

The following table describes the fees and expenses that owners of certain annuity contracts and variable life insurance policies (the "Contracts") may pay if they invest in the Target Portfolio as well as the projected fees and expenses of the Acquiring Portfolio after the Reorganization. The following table does not reflect any Contract charges. Because Contract charges are not included, the total fees and expenses that you will incur will be higher than the fees and expenses set forth below. The Contract charges will not change as a result of the Reorganization. See your Contract prospectus for more information about Contract charges.

* Because shares of both the Target Portfolio and the Acquiring Portfolio are purchased through the Contracts, the relevant Contract prospectus should be carefully reviewed for information on the charges and expenses of the Contract. This table does not reflect any such charges; and the expenses shown would be higher if such charges were reflected.

(1) Based on the average daily net assets of \$1,802 million for the Target Portfolio for the 12-month year ended December 31, 2017.

- (2) Based on the average daily net assets of \$2,986 million for the Acquiring Portfolio for the 12-month year ended December 31, 2017.
- (3) Assumes completion of the Reorganization on December 31, 2017. The estimated fees and expenses of the Combined Portfolio (Pro Forma Surviving) are based in part on assumed average daily net assets of \$4,788 million (i.e., the average daily net assets for the Combined Portfolio for the 12-month year ended December 31, 2017).
- (4) The contractual management fee for the Acquiring Portfolio is 0.5325% of average daily net assets to \$300 million; 0.5225% on next \$200 million of average daily net assets; 0.5125% on next \$250 million of average daily net assets; 0.5025% on next \$2.5 billion of average daily net assets; 0.4925% on next \$2.75 billion of average daily net assets; 0.4625% on next \$4 billion of average daily net assets; 0.4425% over \$10 billion of average daily net assets. The same contractual management fee rates will apply to the Combined Portfolio.
- * To the extent the Reorganization is approved, the Manager has contractually agreed to waive a portion of its investment management fee and/or reimburse certain expenses for the Combined Portfolio so that the Combined Portfolio's investment management fee plus other expenses (exclusive in all cases of taxes, including stamp duty tax paid on foreign securities transactions, short sale interest and dividend expense, interest brokerage commissions, acquired portfolio fees and expenses and extraordinary expenses) do not exceed 0.74% of the Combined Portfolio's average daily net assets through June 30, 2019. This arrangement may not be terminated or modified prior to June 30, 2019 without the prior approval of the Trust's Board of Trustees. Expenses waived/reimbursed by the Manager may be recouped by the Manager within the same fiscal year during which such waiver/reimbursement is made if such recoupment can be realized without exceeding the expense limit in effect at the time of the recoupment for that fiscal year.

Expense Examples

The examples assume that you invest \$10,000 in each Portfolio for the time periods indicated. The examples also assume that your investment has a 5% return each year, that each Portfolio's total operating expenses remain the same, and that no expense waivers and reimbursements are in effect other than the contractual expense cap for the Combined Portfolio (Pro Forma Surviving). These examples do not reflect any charges or expenses for the Contracts. The expenses shown below would be higher if these charges or expenses were included. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	<u>One Year</u>	<u>Three Years</u>	<u>Five Years</u>	<u>Ten Years</u>
Target Portfolio*	\$77	\$240	\$417	\$930
Acquiring Portfolio*	80	249	433	966
Combined Portfolio (Pro Forma Surviving)*	76	243	425	951

* Based on total annual operating expense ratios reflected in the summary section of this Prospectus/Proxy Statement entitled "Annual Portfolio Operating Expenses."

Reorganization Details and Reasons for the Reorganization

Assuming completion of the Reorganization, shareholders of the Target Portfolio will have their shares exchanged for shares of the Acquiring Portfolio of equal dollar value based upon the value of the shares at the time the Target Portfolio's assets are transferred to the Acquiring Portfolio and the Target Portfolio's liabilities are assumed by the Acquiring Portfolio. After the transfer of assets, assumption of liabilities, and exchange of shares have been completed, the Target Portfolio will be liquidated and dissolved. As a result of the Reorganization, you will cease to be a beneficial shareholder of the Target Portfolio and will become a beneficial shareholder of the Acquiring Portfolio.

Both the Target Portfolio and the Acquiring Portfolio serve as underlying mutual funds for the Contracts issued by "Participating Insurance Companies." Each Participating Insurance Company holds assets invested in these Contracts in various separate accounts, each of which is divided into sub-accounts investing exclusively in a mutual fund or in a portfolio of a mutual fund. Therefore, Contract owners who have allocated their account values to

applicable sub-accounts are indirectly invested in the applicable Portfolio through the Contracts and should consider themselves shareholders of the applicable Portfolio for purposes of this Prospectus/Proxy Statement.

For the reasons set forth in the “Information About the Reorganization—Reasons for the Reorganization” section, the Board has determined that the Reorganization is in the best interests of the shareholders of each Portfolio, and has also concluded that no dilution in value would result to the shareholders of either Portfolio as a result of the Reorganization.

The Board of Trustees of the Advanced Series Trust, on behalf of the Target Portfolio, has approved the Plan and unanimously recommends that you vote to approve the Plan.

In deciding whether to vote to approve the Plan, you should consider the information considered by the Board and the information provided in this Prospectus/Proxy Statement.

INFORMATION ABOUT THE REORGANIZATION

This section describes the Reorganization for the Target Portfolio and the Acquiring Portfolio. This section is only a summary of the Plan. You should read the actual Plan attached as Exhibit A.

Reasons for the Reorganization

Based on a recommendation of the Manager, the Board, including all of the Trustees who are not “interested persons” of the Trust within the meaning of the Investment Company Act of 1940 (collectively, the “Independent Trustees”), has unanimously approved the Reorganization. The Board also unanimously recommends that the beneficial shareholders of the Target Portfolio approve the Reorganization. The Board also unanimously determined that the Reorganization would be in the best interests of the beneficial shareholders of each Portfolio, and that the interests of the shareholders of each Portfolio would not be diluted as a result of the Reorganization.

The Manager provided the Board with detailed information regarding each Portfolio, including its investment management fee, total expenses, asset size, and performance. At a meeting held on March 12-13, 2018, the Board considered:

- The effective management fee rate of the Combined Portfolio will be lower than the effective management fee rate of the Target Portfolio for so long as the proposed contractual management fee waiver is in place;
- The historical net investment performance of the Acquiring Portfolio for the one-, three- and five-year periods ended December 31, 2017 are higher than that of the Target Portfolio;
- The Combined Portfolio will be larger than the Target Portfolio;
- While the investment management fee rate for the Acquiring Portfolio is higher than investment management fee rate of the Target Portfolio, assuming that the Reorganization had been completed on December 31, 2017 and taking into account the proposed contractual management fee waiver which would be in place until at least June 30, 2019, the pro forma annualized total net expense ratio for the Combined Portfolio is lower than the estimated annualized total net expense ratio for the Target Portfolio.
- The investment objectives and principal investment strategies of the Target Portfolio and the Acquiring Portfolio are similar; and
- Because of the federal tax-deferred treatment applicable to the Contracts, completion of the Reorganization is not expected to result in taxable gain or loss for U.S. federal income tax purposes for Contract owners that beneficially own shares of the Target Portfolio immediately prior to the Reorganization.

The Manager also provided, and the Board considered, information regarding potential benefits for the Manager and its affiliates from the Reorganization. The Manager estimates that its net revenue will decrease as a result of the Reorganization. In considering these matters, the Board also considered that Combined Portfolio shareholders would benefit from decreased expenses (approximately \$1.5 million annually) and from other aspects of the Reorganization noted above.

The Manager provided and the Board considered any potential adverse impact to shareholders as a result of the Reorganization. In connection with the Reorganization, there will be purchases and sales of securities. These transactions may result in costs, such as brokerage commissions. Any costs for transactions prior to the Reorganization will be borne by Target Portfolio shareholders and any costs for transactions after the Reorganization will be borne by Combined Portfolio shareholders. The Manager estimates that approximately 40% of the Target Portfolio's securities will be transitioned, which may vary depending on market conditions at the time of the Reorganization.

For the reasons discussed above, the Board of Trustees of the Advanced Series Trust unanimously recommends that you vote FOR the Plan.

If shareholders of the Target Portfolio do not approve the Plan, the Board will consider other possible courses of action, including, among others, consolidation of the Target Portfolio with one or more portfolios of the Trust other than the Acquiring Portfolio, or unaffiliated funds, or the liquidation of the Target Portfolio.

Closing of the Reorganization

If shareholders of the Target Portfolio approve the Plan, the Reorganization will take place after various conditions are satisfied by the Trust on behalf of the Target Portfolio and the Acquiring Portfolio, including the preparation of certain documents. The Trust will determine a specific date for the actual Reorganization to take place, which is presently expected to occur on or about September 17, 2018. This is called the "Closing Date." If the shareholders of the Target Portfolio do not approve the Plan, the Reorganization will not take place for the Target Portfolio, and the Board will consider alternative courses of actions, as described above.

If the shareholders of the Target Portfolio approve the Plan, the Target Portfolio will deliver to the Acquiring Portfolio all of its assets on the Closing Date, the Acquiring Portfolio will assume all of the liabilities of the Target Portfolio on the Closing Date, and the Acquiring Portfolio will issue the Acquiring Portfolio Shares to the Target Portfolio. The Acquiring Portfolio Shares received by the Target Portfolio will have an aggregate net asset value that is equal to the aggregate net asset value of the Target Portfolio shares that are outstanding immediately prior to the Reorganization. The Participating Insurance Companies then will make a conforming exchange of units between the applicable sub-accounts in their separate accounts. As a result, shareholders of the Target Portfolio will beneficially own shares of the Acquiring Portfolio that, as of the date of the exchange, have an aggregate value equal to the dollar value of the assets delivered to the Target Portfolio. The stock transfer books of the Target Portfolio will be permanently closed on the closing date. Requests to transfer or redeem assets allocated to the Target Portfolio may be submitted at any time before the close of regular trading on the New York Stock Exchange on the Closing Date, and requests that are received in proper form prior to that time will be effected prior to the closing.

To the extent permitted by law, the Trust may amend the Plan without shareholder approval. The Trust may also agree to terminate and abandon the Reorganization at any time before or, to the extent permitted by law, after the approval by shareholders of the Target Portfolio.

Expenses of the Reorganization

All costs incurred in entering into and carrying out the terms and conditions of the Reorganization, including (without limitation) outside legal counsel and independent registered public accounting firm costs and costs incurred in connection with the printing and mailing for this prospectus and proxy statement and related materials, will be paid by Prudential Annuities Distributors, Inc. or its affiliates under the Target Portfolio's and Acquiring Portfolio's Rule 12b-1 plan. The estimated expenses for the proxy statement, including printing and mailing, the shareholder meeting, any proxy solicitation expenses, counsel fees, prospectus updates and proxy solicitation is \$80,000.

Certain Federal Income Tax Considerations

Both Portfolios are treated as partnerships for U.S. federal income tax purposes. As a result, each Portfolio's income, gains, losses, deductions, and credits will be "passed through" pro rata directly to the Participating Insurance Companies and retain the same character for U.S. federal income tax purposes. Distributions may be made to the various separate accounts of the Participating Insurance Companies in the form of additional shares (not in cash).

Contract owners should consult the prospectuses of their respective Contracts for information on the federal income tax consequences to such owners. In addition, Contract owners may wish to consult with their own tax advisors as to the tax consequences of investments in a Portfolio, including the application of state and local taxes.

Each Portfolio complies with the diversification requirements of Section 817(h) of the Internal Revenue Code of 1986, as amended (the “Code”).

The Reorganization may entail various consequences, which are discussed below under the caption “Federal Income Tax Consequences of the Reorganization.”

Federal Income Tax Consequences of the Reorganization

The following discussion is applicable to the Reorganization. The Reorganization is intended to qualify for U.S. federal income tax purposes as a tax-free transaction under the Code. In addition, assuming that the Contracts qualify for the federal tax-deferred treatment applicable to certain variable insurance products, Contract owners generally should not have any reportable gain or loss for U.S. federal income tax purposes even if the Reorganization did not qualify as a tax-free transaction. It is a condition to each Portfolio’s obligation to complete the Reorganization that the Portfolios will have received an opinion from Goodwin Proctor LLP, special tax counsel to the Portfolios, based upon representations made by the Trust on behalf of the Target Portfolio and the Acquiring Portfolio, and upon certain assumptions, substantially to the effect that the transactions contemplated by the Plan should constitute a tax-free transaction for U.S. federal income tax purposes.

As set forth above, both Portfolios are treated as partnerships for U.S. federal income tax purposes. Based on such treatment and certain representations made by the Trust on behalf of the Target Portfolio and the Acquiring Portfolio relating to the Reorganization, for U.S. federal income tax purposes under Sections 721 and 731 of the Code and related Code Sections (references to “shareholders” are to the Participating Insurance Companies):

1. The transfer by the Target Portfolio of all of its assets to the Acquiring Portfolio, in exchange solely for the Acquiring Portfolio Shares, the assumption by the Acquiring Portfolio of all of the liabilities of the Target Portfolio, and the distribution of the Acquiring Portfolio Shares to the shareholders of the Target Portfolio in complete liquidation of the Target Portfolio, should be tax-free to the shareholders of the Target Portfolio.
2. The shareholders of the Target Portfolio should not recognize gain or loss upon the exchange of all of their shares solely for Acquiring Portfolio Shares, as described in this Prospectus/Proxy Statement and the Plan.
3. No gain or loss should be recognized by the Target Portfolio upon the transfer of its assets to the Acquiring Portfolio in exchange solely for Acquiring Portfolio Shares and the assumption by the Acquiring Portfolio of the liabilities, if any, of the Target Portfolio. In addition, no gain or loss should be recognized by the Target Portfolio on the distribution of such Acquiring Portfolio Shares to the shareholders of the Target Portfolio (in liquidation of the Target Portfolio).
4. No gain or loss should be recognized by the Acquiring Portfolio upon the acquisition of the assets of the Target Portfolio in exchange solely for Acquiring Portfolio Shares and the assumption of the liabilities, if any, of the Target Portfolio.
5. The Acquiring Portfolio’s tax basis for the assets acquired from the Target Portfolio should be the same as the tax basis of these assets when held by the Target Portfolio immediately before the transfer, and the holding period of such assets acquired by the Acquiring Portfolio should include the holding period of such assets when held by the Target Portfolio.
6. A Target Portfolio shareholder’s tax basis for the Acquiring Portfolio Shares to be received by it pursuant to the Reorganization should be the same as its tax basis in the Target Portfolio shares exchanged therefore reduced or increased by any net decrease or increase, as the case may be, in such shareholder’s share of the liabilities of the Portfolios as a result of the Reorganization.

7. The holding period of the Acquiring Portfolio Shares to be received by the shareholders of the Target Portfolio should include the holding period of their Target Portfolio shares exchanged therefor, provided such shares were held as capital assets on the date of exchange.

An opinion of counsel is not binding on the Internal Revenue Service or the courts. Shareholders of the Target Portfolio should consult their tax advisors regarding the tax consequences to them of the Reorganization in light of their individual circumstances.

A Contract owner should consult the prospectus for his or her Contract on the federal tax consequences of owning the Contract. Contract owners should also consult their tax advisors as to state and local tax consequences, if any, of the Reorganization, because this discussion only relates to U.S. federal income tax consequences.

Characteristics of Acquiring Portfolio Shares

The Acquiring Portfolio Shares to be distributed to Target Portfolio shareholders will have substantially identical legal characteristics as shares of beneficial interest of the Target Portfolio with respect to such matters as voting rights, accessibility, conversion rights, and transferability.

The Target Portfolio and the Acquiring Portfolio are each organized as a series of a Massachusetts business trust. There are no material differences between the rights of shareholders of the Portfolios.

COMPARISON OF TARGET PORTFOLIO AND ACQUIRING PORTFOLIO

Additional information regarding the Acquiring Portfolio's investments and risks, the management of the Acquiring Portfolio, the purchase and sale of Acquiring Portfolio shares, certain U.S. federal income tax considerations, and financial intermediary compensation is set forth in Exhibit B to this Prospectus/Proxy Statement.

As provided in more detail below, the investment objectives and principal investment strategies of the Target Portfolio and the Acquiring Portfolio are similar. The Target Portfolio and the Acquiring Portfolio each utilize core bond strategies with a Bloomberg Barclays US Aggregate Bond Index benchmark.

	<u>Target Portfolio</u>	<u>Acquiring Portfolio</u>
Investment Objective:	The investment objective of the Target Portfolio is to seek income and capital appreciation to produce a high total return.	The investment objective of the Acquiring Portfolio is to seek to maximize total return, consistent with prudent investment management and liquidity needs, by investing to obtain the average duration specified for the Acquiring Portfolio.

**Principal
Investment
Strategies:**

Target Portfolio

In pursuing its investment objective, the Target Portfolio normally invests at least 80% of its assets (net assets plus any borrowings made for investment purposes) in fixed income securities of various types.

The Target Portfolio buys and sells securities using a relative value-oriented investment process. The Target Portfolio combines top-down and bottom-up analysis to construct its portfolio, using a blend of quantitative and fundamental research. Under normal market conditions, the Target Portfolio invests primarily in (i) securities issued or guaranteed by the US government, its agencies or instrumentalities; (ii) investment grade debt securities of US issuers; (iii) investment grade debt securities of non-US issuers that are denominated in US dollars; (iv) mortgage-backed, mortgage-related, and other asset-backed securities; (v) inflation-linked investments; (vi) senior loans, including bridge loans, novations, assignments, and participations; and (vii) derivative instruments, such as options, futures contracts, forward contracts or swap agreements. The Target Portfolio may invest in corporate debt securities. The Target Portfolio also may invest in mortgage-backed, mortgage-related and other asset-backed securities, which directly or indirectly represent a participation in, or are secured by and payable from, mortgage loans, real property, or other assets.

The Target Portfolio expects to maintain its average duration range within two years of the bond market's duration as measured by the Bloomberg Barclays US Aggregate Bond Index (which was approximately 6.08 years as of March 31, 2018).

Acquiring Portfolio

In pursuing its investment objective, the Acquiring Portfolio normally invests at least 80% of its assets (net assets plus any borrowings made for investment purposes) in debt and fixed income securities, including mortgage- and other asset-backed securities, such as collateralized mortgage obligations, collateralized bond obligations, collateralized loan obligations and, other collateralized debt obligations. The Acquiring Portfolio may invest up to 20% of its net assets in debt securities that are rated, at the time of purchase, below investment grade (sometimes referred to as "junk bonds"), but at least B-/B3, or if unrated, are determined by the Acquiring Portfolio's subadviser, WAMCO, to be of comparable quality.

The target dollar weighted average effective duration of the Acquiring Portfolio is expected to range within 30% of the duration of the domestic bond market as a whole (normally three to six years, although this may vary). Therefore, the range within which the dollar weighted average effective duration of the Acquiring Portfolio is expected to fluctuate is generally 2.5 to 7 years. The Acquiring Portfolio's dollar weighted average effective duration may fall outside of its expected dollar weighted average effective duration range due to market movements. If this happens, the Acquiring Portfolio's subadviser will take action to bring the Acquiring Portfolio's dollar weighted average effective duration back within its expected dollar weighted average effective duration range within a reasonable period of time. Duration refers to the range within which the dollar weighted average effective duration of the Acquiring Portfolio is expected to fluctuate.

Effective duration measures the expected sensitivity of market price to changes in interest rates, taking into account the effects of structural complexities (for example, some bonds can be prepaid by the issuer).

The Acquiring Portfolio may invest in derivatives. The Acquiring Portfolio may use derivative instruments to hedge its investments or to seek to enhance returns.

Analysis of Investment Objectives and Principal Investment Strategies of the Portfolios

The investment objectives of the Target Portfolio and Acquiring Portfolio are similar. The investment objective of the Target Portfolio is to seek income and capital appreciation to produce a high total return, while the investment objective of the Acquiring Portfolio is to seek to maximize total return, consistent with prudent investment management and liquidity needs, by investing to obtain the average duration specified for the Acquiring Portfolio. The Portfolios also have similar principal investment strategies in that the Target Portfolio and the Acquiring Portfolio each utilize core bond strategies with a Bloomberg Barclays US Aggregate Bond Index benchmark. While both the Target Portfolio and the Acquiring Portfolio normally invest at least 80% of their assets (net assets plus any borrowings made for investment purposes) in fixed income securities, the Acquiring Portfolio may also invest at least 20% of its net assets in debt securities that are rated, at the time of purchase, below investment grade. Both the Target Portfolio and the Acquiring Portfolio have the capability to invest in asset-backed securities. Assuming completion of the Reorganization, it is expected that the Combined Portfolio will be managed according to the investment objective and principal investment strategies of the Acquiring Portfolio.

Principal Risks of the Portfolios

The table below compares the principal risks of investing in the Portfolios. All investments have risks to some degree and it is possible that you could lose money by investing in each Portfolio. An investment in each Portfolio is not a deposit with a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. While each Portfolio makes every effort to achieve its objective, it can't guarantee success.

Principal Risks	Target Portfolio	Acquiring Portfolio
<p>Asset-Backed and/or Mortgage-Backed Securities Risk. Asset-backed and mortgage-backed securities are fixed income securities that represent an interest in an underlying pool of assets, such as credit card receivables or, in the case of mortgage-backed securities, mortgage loans. Like fixed income securities, asset-backed and mortgage-backed securities are subject to interest rate risk, liquidity risk, and credit risk, which may be heightened in connection with investments in loans to “subprime” borrowers. Certain asset-backed and mortgage-backed securities are subject to the risk that those obligations will be repaid sooner than expected or later than expected, either of which may result in lower than expected returns. Mortgage-backed securities, because they are backed by mortgage loans, are also subject to risks related to real estate, and securities backed by private-issued mortgages may experience higher rates of default on the underlying mortgages than securities backed by government-issued mortgages.</p>	Yes	Yes
<p>Asset Transfer Program Risk. Predetermined, nondiscretionary mathematical formulas used by the Participating Insurance Companies to manage the guarantees offered in connection with certain benefit programs under the Contracts may result in systematic transfers of assets among the investment options under the Contracts, including the Portfolio. These formulas may result in large-scale asset flows into and out of the Portfolio, which could adversely affect the Portfolio, including its risk profile, expenses and performance. For example, the asset flows may adversely affect performance by requiring the Portfolio to purchase or sell securities at inopportune times, by otherwise limiting the subadviser's ability to fully implement the Portfolio's investment strategies, or by requiring the Portfolio to hold a larger portion of its assets in highly liquid securities than it otherwise would hold. The asset flows may also result in high turnover, low asset levels and high operating expense ratios for the Portfolio. The efficient operation of the asset flows depends on active and liquid markets. If market liquidity is strained, the asset flows may not operate as intended which in turn could adversely affect performance.</p>	Yes	Yes

Principal Risks	Target Portfolio	Acquiring Portfolio
<p>Derivatives Risk. A derivative is a financial contract, the value of which depends upon, or is derived from, the value of one or more underlying investments, such as an asset, reference rate, or index. The use of derivatives is a highly specialized activity that involves a variety of risks in addition to and greater than those associated with investing directly in securities, including the risk that: the party on the other side of a derivative transaction will be unable to honor its financial obligation; leverage created by investing in derivatives may result in losses to the Portfolio; derivatives may be difficult or impossible for the Portfolio to buy or sell at an opportune time or price, and may be difficult to terminate or otherwise offset; derivatives used for hedging may reduce or magnify losses but also may reduce or eliminate gains; and the price of commodity-linked derivatives may be more volatile than the prices of traditional equity and debt securities.</p>	Yes	Yes
<p>Economic and Market Events Risk. Events in the US and global financial markets, including actions taken by the US Federal Reserve or foreign central banks to stimulate or stabilize economic growth, may at times result in periods of unusually high volatility in a market or a segment of a market, which could negatively impact performance. Reduced liquidity in credit and fixed income markets could adversely affect issuers worldwide.</p>	Yes	Yes
<p>Expense Risk. The actual cost of investing in the Portfolio may be higher than the expenses shown in the “Annual Portfolio Operating Expenses” table for a variety of reasons, including, for example, if the Portfolio’s average net assets decrease.</p>	Yes	Yes
<p>Fixed Income Securities Risk. Investment in fixed income securities involves a variety of risks, including that: an issuer or guarantor of a security will be unable to pay obligations when due; due to decreases in liquidity, the Portfolio may be unable to sell its securities holdings within a reasonable time at the price it values the security or at any price; and the Portfolio’s investment may decrease in value when interest rates rise. Volatility in interest rates and in fixed income markets may increase the risk that the Portfolio’s investment in fixed income securities will go down in value. Risks associated with rising interest rates are currently heightened because interest rates in the US are near historic lows. Interest rates may continue to increase in the future, possibly suddenly and significantly, with unpredictable effects on the markets and the Portfolio’s investments. Changes in interest rates may also affect the liquidity of the Portfolio’s investments in fixed income securities.</p>	Yes	Yes
<p>Foreign Investment Risk. Investments in foreign securities generally involve more risk than investing in securities of US issuers, including: changes in currency exchange rates may affect the value of foreign securities held by the Portfolio; foreign markets generally are more volatile than, and generally are not subject to regulatory requirements comparable to, US markets; foreign financial reporting standards usually differ from those in the US; foreign exchanges are often less liquid than US markets; political or social developments may adversely affect the value of foreign securities; and foreign holdings may be subject to special taxation and limitations on repatriating investment proceeds.</p>	Yes	Yes

Principal Risks	Target Portfolio	Acquiring Portfolio
<p>High Yield Risk. Investments in fixed income securities rated below investment grade and unrated securities of similar credit quality (i.e., high yield securities or junk bonds) may be more sensitive to interest rate, credit and liquidity risks than investments in investment grade securities, and have predominantly speculative characteristics.</p>	No	Yes
<p>Liquidity and Valuation Risk. The Portfolio may hold one or more securities for which there are no or few buyers and sellers or the securities are subject to limitations on transfer. The Portfolio may be unable to sell those portfolio holdings at the desired time or price, and may have difficulty determining the value of such securities for the purpose of determining the Portfolio's net asset value. In such cases, investments owned by the Portfolio may be valued at fair value pursuant to guidelines established by the Trust's Board of Trustees. No assurance can be given that the fair value prices accurately reflect the value of security.</p>	Yes	Yes
<p>Market and Management Risk. Markets in which the Portfolio invests may experience volatility and go down in value, and possibly sharply and unpredictably. The investment techniques, risk analysis and investment strategies used by a subadviser in making investment decisions for the Portfolio may not produce the intended or desired results. There is no guarantee that the investment objective of the Portfolio will be achieved.</p>	Yes	Yes
<p>Portfolio Turnover Risk. A subadviser may engage in active trading on behalf of the Portfolio—that is, frequent trading of their securities—in order to take advantage of new investment opportunities or yield differentials. The Portfolio's turnover rate may be higher than that of other mutual funds. Portfolio turnover generally involves some expense to the Portfolio, including brokerage commissions or dealer mark-ups and other transaction costs on the sale of securities and reinvestment in other securities.</p>	Yes	Yes
<p>Redemption Risk. A Portfolio that serves as an underlying fund for a fund of funds is subject to certain risks. When a fund of funds reallocates or rebalances its investments, an underlying fund may experience relatively large redemptions or investments. These transactions may cause the Portfolio serving as the underlying fund to sell portfolio securities to meet such redemptions, or to invest cash from such investments, at times that it would not otherwise do so, and may as a result increase transaction costs or adversely affect Portfolio performance.</p>	Yes	Yes
<p>Regulatory Risk. The Portfolio is subject to a variety of laws and regulations which govern its operations. The Portfolio is subject to regulation by the SEC and/or the CFTC. Similarly, the businesses and other issuers of the securities and other instruments in which the Portfolio invests are also subject to considerable regulation. A change in laws and regulations may materially impact the Portfolio, a security, business, sector or market.</p>	Yes	Yes

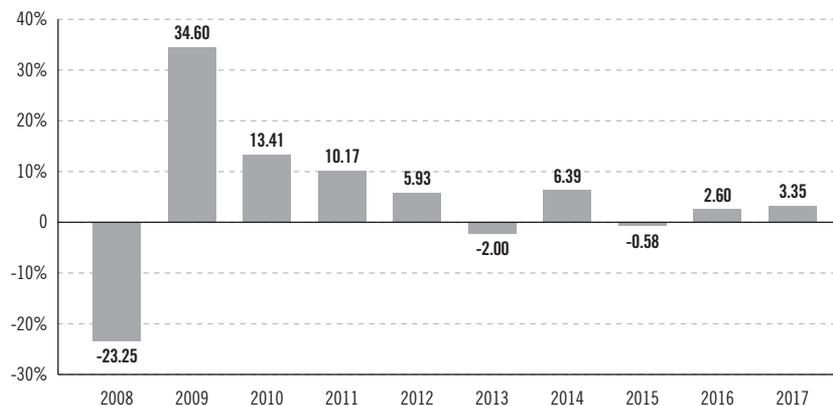

Principal Risks	Target Portfolio	Acquiring Portfolio
Senior Loan Risk. The Portfolio's investments in certain senior loans have many of the risk characteristics of fixed income securities, and may be subject to increased credit, interest rate and liquidity risks. The value of senior loans also may be adversely affected by supply-demand imbalances caused by conditions in related markets.	Yes	No
US Government Securities Risk. US Government securities may be adversely affected by changes in interest rates, a default by, or decline in the credit quality of, the US Government, and may not be backed by the full faith and credit of the US Government.	Yes	No

MANAGEMENT OF THE PORTFOLIOS

This section provides more information about: (i) PGIM Investments and ASTIS, (ii) Lord Abbett, and (iii) WAMCO. Lord Abbett serves as the subadviser to the Target Portfolio and WAMCO serves as the subadviser to the Acquiring Portfolio.

Investment Management Arrangements

The Target Portfolio and the Acquiring Portfolio are managed by PGIM Investments, 655 Broad Street, Newark, NJ 07102, and ASTIS, One Corporate Drive, Shelton, Connecticut 06484. As previously noted, the term Manager is used to refer to both PGIM Investments and ASTIS.

As of April 30, 2018, PGIM Investments served as the investment manager to all of the Prudential US and offshore open-end investment companies, and as administrator to closed-end investment companies, with aggregate assets of approximately \$276.8 billion (includes ASTIS assets noted below). PGIM Investments is a wholly-owned subsidiary of PIFM Holdco, LLC, which is a wholly-owned subsidiary of Prudential Asset Management Holding Company, which is a wholly-owned subsidiary of Prudential Financial, Inc. (Prudential). PGIM Investments has been in the business of providing advisory services since 1996.

As of April 30, 2018, ASTIS served as investment manager to certain Prudential US and offshore open-end investment companies with aggregate assets of approximately \$172 billion. ASTIS is a subsidiary of Prudential Annuities Holding Company, Inc., which is a subsidiary of Prudential Annuities, Inc., a subsidiary of Prudential. ASTIS has been in the business of providing advisory services since 1992.

The Investment Management Agreement between the Manager and the Trust on behalf of the Target Portfolio and the Acquiring Portfolio (the “Management Agreement”), provide that the Manager will furnish the Target Portfolio and the Acquiring Portfolio with investment advice and administrative services subject to the oversight of the Board and in conformity with the stated principal investment strategies of the Target Portfolio and the Acquiring Portfolio. The Manager must also provide, or obtain and supervise, the executive, administrative, accounting, custody, transfer agent, and shareholder servicing services that are deemed advisable by the Trustees.

The Trust uses a “manager-of-managers” structure. That means that the Manager has engaged the subadvisers to conduct the investment programs of the Target Portfolio and the Acquiring Portfolio, including the purchase, retention and sale of portfolio securities and other financial instruments. The Manager is responsible for monitoring the activities of the subadvisers and reporting on such activities to the Trustees. The Trust has obtained an exemptive order from the SEC that permits the Manager, subject to approval by the Board, to hire or change subadvisers for the Target Portfolio and the Acquiring Portfolio by entering into new subadvisory agreements with affiliated and non-affiliated subadvisers, without obtaining shareholder approval of such changes. This exemptive order (which is similar to exemptive orders granted to other investment companies that are organized in a manner similar to the Trust) is intended to facilitate the efficient supervision and management of the subadvisers by the Manager and the Trustees.

If there is more than one subadviser for the Target Portfolio and the Acquiring Portfolio, the Manager will normally determine the division of the assets for each portfolio among the applicable subadvisers. All daily cash inflows (that is, purchases and reinvested distributions) and outflows (that is, redemptions and expense items) will be divided among such subadvisers as the Manager deems appropriate. The Manager may, in its discretion, change the target allocation of assets among subadvisers, transfer assets between subadvisers, or change the allocation of cash inflows or cash outflows among subadvisers for any reason and at any time without notice. As a consequence, the Manager may allocate assets or cash flows from a portfolio segment that has appreciated more to another portfolio segment.

Reallocations of assets among the subadvisers and the Manager may result in additional costs since sales of securities may result in higher portfolio turnover. Also, because the subadvisers and the Manager select portfolio securities independently, it is possible that a security held by a portfolio segment may also be held by another portfolio segment of the Target Portfolio or the Acquiring Portfolio or that certain subadvisers or the Manager may

simultaneously favor the same industry. The Manager will monitor the overall portfolio to ensure that any such overlaps do not create an unintended industry concentration. In addition, if a subadviser buys a security as another subadviser or the Manager sells it, the net position of the Target Portfolio or the Acquiring Portfolio in the security may be approximately the same as it would have been with a single portfolio and no such sale and purchase, but the Target Portfolio or the Acquiring Portfolio will have incurred additional costs. The Manager will consider these costs in determining the allocation of assets or cash flows. The Manager will consider the timing of asset and cash flow reallocations based upon the best interests of each Portfolio and its shareholders.

A discussion regarding the basis for the Board's approvals of the Trust's Management Agreement and the subadvisory agreements are available in the Trust's semi-annual reports (for agreements approved during the six-month period ended June 30) and in the Trust's annual reports (for agreements approved during the six-month period ended December 31).

Subadvisers of the Target Portfolio and the Acquiring Portfolio. The Target Portfolio is subadvised by Lord Abbett, and the Acquiring Portfolio is subadvised by WAMCO. Additionally, the total net expense ratio (after waivers and expense reimbursements) for the Combined Portfolio following completion of the Reorganization will be lower than the total net expense ratio for the Target Portfolio.

VOTING INFORMATION

Approval of the Reorganization with respect to the Target Portfolio requires approval by a majority of the outstanding voting securities of the Target Portfolio, as defined by the 1940 Act. For purposes of the 1940 Act, a majority of the Target Portfolio's outstanding voting securities is the lesser of (i) 67% of the Target Portfolio's outstanding voting securities represented at a meeting at which more than 50% of the Target Portfolio's outstanding voting securities are present in person or represented by proxy, or (ii) more than 50% of the Target Portfolio's outstanding voting securities. Each Contract owner will be entitled to give voting instructions equivalent to one vote for each full share, and a fractional vote for each fractional share, of the Target Portfolio beneficially owned at the close of business on the record date. If sufficient votes to approve the Reorganization are not received by the date of the Meeting, the Meeting may be adjourned to permit further solicitations of voting instructions. Pursuant to the Trust's Amended and Restated Declaration of Trust, the holders of one-third of the outstanding voting shares present in person or by proxy shall constitute a quorum at any meeting of Trust shareholders.

In accordance with requirements of the SEC, each Participating Insurance Company, as record owner of the shares of the Target Portfolio, will vote all shares of the Target Portfolio, including Target Portfolio shares owned by a Participating Insurance Company in its general account or otherwise, for which it does not receive instructions from the Contract owner beneficially owning the shares, and the Participating Insurance Company will vote those shares (for the respective Proposal, against the respective Proposal, or abstain) in the same proportion as the votes actually cast in accordance with instructions received from Contract owners ("Shadow Voting"). The presence at a

Meeting of the Participating Insurance Companies affiliated with the Manager will be sufficient to constitute a quorum. **Therefore, this Shadow Voting procedure may result in a relatively small number of Contract owners determining the outcome of the vote.** No minimum response is required from the Contract owners before Shadow Voting is applied. An abstention is not counted as an affirmative vote of the type necessary to approve a Proposal and, therefore, instructions to the applicable Participating Insurance Company to abstain will have the same effect as a vote against the Proposal.

How to Vote

You can vote your shares in any one of four ways:

- By mail, with the enclosed voting instruction card;
- Over the Internet;
- In person at the relevant Meeting; or
- By phone.

If you simply sign and date the voting instruction card but give no voting instructions, your shares will be voted by the Participating Insurance Company in favor of the Plan and in accordance with the views of management upon any unexpected matters that come before the relevant Meeting or adjournment thereof.

Revoking Voting Instructions

Contract owners executing and returning voting instructions may revoke such instructions at any time prior to exercise of those instructions by written notice of such revocation to the Secretary of the Trust, by execution of subsequent voting instructions, or by voting in person at the relevant Meeting.

Other Matters

The Board does not intend to bring any matters before the Meeting other than those described in this Prospectus/Proxy Statement. The Board is not aware of any other matters to be brought before the Meeting by others. If any other matter legally comes before the Meeting, it is intended that the Participating Insurance Companies will vote in accordance with their judgment.

Solicitation of Voting Instructions

Voting instructions will be solicited principally by mailing this Prospectus/Proxy Statement and its enclosures, but instructions also may be solicited by telephone, facsimile, through electronic means such as email, or in person by officers or representatives of the Trust or the Participating Insurance Company. If the record owner of a Contract is a custodian, nominee, or fiduciary, the Trust may send proxy materials to the record owner for any beneficial owners that such record owner may represent. The Trust may reimburse custodians, nominees, and fiduciaries for their reasonable expenses incurred in connection with proxy solicitations of such beneficial owners.

The total return in each chart represents the rate that a shareholder earned on an investment in the Target Portfolio and the Acquiring Portfolio, assuming reinvestment of all dividends and other distributions. The charts do not reflect any charges under any Contract. Because Contract charges are not included, the actual return that you will receive will be lower than the total return.

ADVANCED SERIES TRUST
FORM OF PLAN OF REORGANIZATION

THIS PLAN OF REORGANIZATION (the “Plan”) of Advanced Series Trust, a Massachusetts business trust having its principal place of business at 655 Broad Street, Newark, New Jersey 07102 (“AST”), on behalf of the acquiring portfolio listed in Schedule A to this Plan (the “Acquiring Portfolio”) and the target portfolio listed in Schedule A to this Plan (the “Target Portfolio”), is made as of this day of , 2018. Together, the Target Portfolio and the Acquiring Portfolio are referred to herein as the “Portfolios.”

The reorganization for the Target Portfolio (hereinafter referred to as the “Reorganization”) is intended to constitute a tax-free transaction for federal income tax purposes and will consist of: (i) the acquisition by the Acquiring Portfolio of all of the assets of the Target Portfolio and the assumption by the Acquiring Portfolio of all of the liabilities of the Target Portfolio in exchange solely for full and fractional shares of the Acquiring Portfolio (“Acquiring Portfolio Shares”); (ii) the distribution of Acquiring Portfolio Shares to the shareholders of the Target Portfolio according to their respective interests in complete liquidation of the Target Portfolio; and (iii) the dissolution of the Target Portfolio as soon as practicable after the closing (as defined in Section 3, hereinafter called the “Closing”), all upon and subject to the terms and conditions of this Plan hereinafter set forth.

In order to consummate the Plan, the following actions shall be taken by AST on behalf of the Acquiring Portfolio and the Target Portfolio, as applicable:

1. Sale and Transfer of Assets, Liquidation and Dissolution of Target Portfolio.

(a) Subject to the terms and conditions of this Plan, AST shall: (i) transfer all of the assets of the Target Portfolio, as set forth in Section 1(b) hereof, to the Acquiring Portfolio; and (ii) cause the Acquiring Portfolio to assume all the liabilities of the Target Portfolio as set forth in Section 1(b) hereof. Such transactions shall take place at the Closing.

(b) The assets of the Target Portfolio to be acquired by the Acquiring Portfolio (collectively, the “Assets”) shall consist of all property, including, without limitation, all cash, securities, commodities and futures interests, and dividends or interest receivable that are owned by the Target Portfolio, and any deferred or prepaid expenses shown as an asset on the books of the Target Portfolio on the Closing date (as defined in Section 3, hereinafter the “Closing Date”). All liabilities, expenses, costs, charges and reserves of the Target Portfolio, to the extent that they exist at or after the Closing, shall after the Closing attach to the Acquiring Portfolio and may be enforced against the Acquiring Portfolio to the same extent as if the same had been incurred by the Acquiring Portfolio.

(c) Subject to the terms and conditions of this Plan, AST on behalf of the Acquiring Portfolio shall at the Closing deliver to the Target Portfolio the number of Acquiring Portfolio Shares, determined by dividing the net asset value per share of the shares of the Target Portfolio (“Target Portfolio Shares”) on the Closing Date by the net asset value per share of the Acquiring Portfolio Shares, and multiplying the result thereof by the number of outstanding Target Portfolio Shares as of the close of regular trading on the New York Stock Exchange (the “NYSE”) on the Closing Date. All such values shall be determined in the manner and as of the time set forth in Section 2 hereof.

(d) Immediately following the Closing, the Target Portfolio shall distribute pro rata to its shareholders of record as of the close of business on the Closing Date, the Acquiring Portfolio Shares received by the Target Portfolio pursuant to this Section 1 and then shall terminate and dissolve. Such liquidation and distribution shall be accomplished by the establishment of accounts on the share records of AST relating to the Acquiring Portfolio and noting in such accounts the type and amounts of Acquiring Portfolio Shares that former Target Portfolio shareholders are due based on their respective holdings of the Target Portfolio as of the close of business on the Closing Date. Fractional Acquiring Portfolio Shares shall be carried to the third decimal place. The Acquiring Portfolio shall not issue certificates representing the Acquiring Portfolio shares in connection with such exchange.

2. Valuation.

(a) The value of the Target Portfolio's Assets to be transferred to the Acquiring Portfolio hereunder shall be computed as of the close of regular trading on the NYSE on the Closing Date (the "Valuation Time") using the valuation procedures set forth in AST's current effective prospectus.

(b) The net asset value of a share of the Acquiring Portfolio shall be determined to the second decimal point as of the Valuation Time using the valuation procedures set forth in AST's current effective prospectus.

(c) The net asset value of a share of the Target Portfolio shall be determined to the fourth decimal point as of the Valuation Time using the valuation procedures set forth in AST's current effective prospectus.

3. Closing and Closing Date.

The consummation of the transactions contemplated hereby shall take place at the Closing (the "Closing"). The date of the Closing (the "Closing Date") shall be September 17, 2018, or such other date as determined in writing by AST's officers.
